Darcy Palmer (Stelco)

Welcome and Safety Contact

The safety evacuation procedure was reviewed for all in attendance in case of an emergency.

Review and Approval of Agenda

The committee accepted them as presented.

Review and Approval of Minutes of 06 October 2016

Minutes from the 06 October 2016 meeting will be reviewed and were accepted as presented.

Performance under O.Reg. 419/05 Site Specific Standard Order - Particulates

Katie provided a summary of the performance of the Lake Erie Works coke battery operations under the Site-Specific Standard Order for particulates. Adrienne Clark provided a verbal summary of the Ministry of Environment and Climate Change's comments regarding the coke battery operations.

Winter Dust Management Update

Darcy Palmer presented an overview of the management practices conducted at Lake Erie Works to control fugitive dust in the winter time, including at the coal fields and in-plant roads. Darcy also provided an overview of the pilot sprinkler system at the coal fields. Although the sprinkler system cannot be used in the wintertime, information was shared to provide an update to committee members who were unable to attend the previous meeting in October 2016.

The New Stelco

Katie provided a summary of the New Stelco, and the current job recruiting campaign within the organization. Job opportunities across a range of fields are available in both Nanticoke and Hamilton. Committee members were encouraged to visit Stelco's new website stelcocanada.com for more information. Stelco is also on social media via Twitter at [@StelcoCanada](https://twitter.com/StelcoCanada). Lidy and Lynn provided information on networks within the community that may be available to help promote Stelco's job recruiting campaign.

Community Concerns

No concerns were raised at this time.
