

**Lake Erie Works Community Liaison Committee  
16 December 2015 Meeting  
Summary Note**

**Attendance**

CLC Members:

John Benson, Adrienne Clark, Cliff Evanitski, Geoff Knapper, Bill Lindsay, Wayne Nyomtato, Elliott Wilkinson

Additional Attendees:

Terry Armstrong, Margaret & Jason Binkley, Cassie Charman, Kate Dorr, Bob Gallea, Matt Hall, Petar Kolundzija, Pat Lightfoot, Shirley & Doug Nunn, Darcy Palmer, Cynthia Waugh, Mary Catherine & Floyd Weaver, Bob Winegarden

**Welcome and Safety Contact**

The safety evacuation procedure was reviewed for all in attendance in case of an emergency.

**Review and Approval of Agenda**

The committee has accepted them as presented.

**Review and Approval of Previous Minutes**

Minutes were accepted as presented.

**Lake Erie Works Overview**

John provided an overview of operations at Lake Erie Works, and more specifically what cokemaking emissions are and descriptions of each.

**Ontario's Local Air Quality Regulation and Site-Specific Standards**

John Benson provided the CLC with a summary of the past 6 months' performance as it relates to the Lake Erie Works Site-Specific Standards. During this period there was one exceedance of the limit for top side lid emissions on August 31<sup>st</sup> that resulted in operational adjustments. Also described were the upcoming Site-Specific Standards pertaining to Benzo(a)pyrene and benzene emissions.

There were no complaints received during the second half of the 2015 year from the community related to coke battery performance.

**Community Concerns**

CLC members discussed topics related to the environmental performance of Lake Erie Works.

**Adjournment**
