

Meeting Notes

Stelco Hamilton Community Liaison Committee (CLC)

Thurs. Feb. 13, 2020, 5:30 p.m., Eva Rothwell Centre

CLC Members In Attendance:

Jochen Bezner, Kristin O’Conner, Andy Sebestyen, Paul Widmeyer

Other Attendees:

Peter Badgley (Stelco)

Katie Chan (Stelco)

Cathy McPherson (Observer)

Paul Weinberg (Observer)

Welcome and Safety Contact

The safety evacuation procedure was reviewed for all in attendance in case of an emergency.

Review and Approval of Agenda

The committee accepted them as presented.

Review and Approval of Minutes of 11 December 2019

Minutes from the 11 December meeting will be reviewed and were accepted as presented.

Performance under O.Reg. 419/05 Site Specific Standard Order - Particulates

Katie provided a summary of the performance of the Hamilton Works coke battery operations for December 2019 under the Site-Specific Standard Order for particulates. The Ministry of Environment, Conservation and Parks had no additional comments.

Sustainable Steel

Peter gave a presentation on new grades of high strength steel and their role in increasing the sustainability of downstream markets such as automotive manufacturing. Sustainable steelmaking technologies and their use at Stelco’s facilities was also discussed, with special highlights of process gas reuse and algal carbon capture.

Community Concerns

Jochen enquired about an update in the future on performance of the coke battery at Lake Erie Works.
