Welcome

Attendees introduced themselves around the virtual table.

Review and Approval of Agenda

The committee accepted the agenda as presented.

Coke Battery Performance - Q4 2022

Katie provided a summary of the results of the daily and 30-day rolling average results for the Method 303 environmental audits. The coke battery is in compliance with the 30-day rolling average limits.

Stephen indicated that the audit results look ok. He also introduced the Committee to Charlene Anderson who will be the MECP representative for Lake Erie Works and the Haldimand area.

Additional Updates

Stelco provided a summary of additional feedback received from neighbours in Q4 2022 and steps taken to resolve concerns that were raised.

In addition, it was highlighted that the draft Terms of Reference for Environmental Assessment for Stelco's proposed on-site landfill expansion project is posted for public review and comments from January 6 to February 3, 2023.

Katie also presented the proposed CLC meeting dates for the remainder of 2023.

Community Feedback

Bill shared an article that he read in Canadian Geographic (Jan/Feb) regarding CO2 sequestration from air.

Stu expressed an interest in an in-person meeting again. Stelco indicated original plans to keep the meetings in this virtual format; can take it back for future considerations.

Adjournment

The next meeting is scheduled for May 3, 2023.
